

Vol. X. April, 2011 Issue 3.

### Captain's Column

I would like to open by thanking everyone who attended the camp of Instruction on Saturday, March 26. We had an excellent turn out with fifteen people present comprised of nine veterans, three new recruits and three prospective recruits. In spite of the dismal forecast we had a great day on Saturday. We had two camp meals (breakfast and supper), lots of drilling, live firing, and of course even some time for camp camaradery. Most of the participants arrived on Friday evening / night which proved to be a little cool but we had the campfire to keep us warm. Because of the even more gloomy and dismal forecast for Saturday night and Sunday we decided to pack up and get out while it was still dry. Sunday morning woke to cold and wet conditions with a mixture of rain, sleet, and snow but thankfully no accumulation. Whatever drill we missed we will make up at a later date / event most specifically skirmish drill, probably at Cold Harbor in June. Again, I want to thank everyone for coming and all who helped with the preparation for the weekend. Now for April we have two events. The first is a living history program in Goochland on Saturday, April 16<sup>th</sup>. This is a one-day program with no registration so if you did not sign up for it you can still come. This is to help promote the digitalization of historical documents at the J. Sergeant Reynolds Community College campus in Goochland. We are to meet at the Grace Episcopal Church at 2955 River Road West (which is Route 6) in Goochland no later than 9:00A.M. We will be doing demos throughout the day. The number of demos will depend on the crowd response. Bring a full cartridge box, we will probably be there until three or four o'clock. The second event for the month is the reenactment in Buchanan, Virginia set for April 29<sup>th</sup> – May 1<sup>st</sup>. This is a new one for us but I hear it is a lot like the old Bedford (Liberty) Reenactment. I will leave the particulars of this one to the 1<sup>st</sup> Sergeant.

To the new members I want to say, "Welcome" but also please be patient. F Company is experiencing growing pains, which is a great problem to have. We are constantly seeking sources for supplies and equipment that F Company would have used. We will re-supply our inventory and your uniforms will be made in a timely manner. Until then, if need be, we should have enough loaner equipment and uniforms to enable you to attend whatever events you want to attend. So don't despair, we will get you where you want and need to be.

Take care and see you later this month!

With Kind Regards  
Captain Turley

## **Fort Update**

I just wanted to say Thank you, to all who attended C.O.I, and for making Saturday night camp pack up quick and smooth. We all pitched in and worked together to leave the Fort in a presentable condition. I am grateful for all of your help. It makes my job so much more pleasant when I don't have to return to the Fort the next day to clean up and spread straw.

Your Humble Little Helper  
2<sup>nd</sup> Corporal Pate

## **A BREIF HISTORY OF HUNTER'S RAID**

During the Civil War, the Town of Buchanan served as an important Confederate supply depot for shipment of agricultural produce and pig iron to Richmond via the James River and Kanawha Canal. Buchanan Farmers provided the Confederate quartermaster with beef, cotton, yarn and corn. Buchanan also provided troops for the Confederate war effort, most notably for the Botetourt Artillery. The unit distinguished itself in the defense of Vicksburg.

Federal General David Hunter marched through Buchanan on June 13, 1864 on his ill-fated raid in Lynchburg. The following day Confederate General J.D. Imboden reported that Hunter had driven Confederate troops under McCausland's command out of Buchanan. Period letters tell how McCausland burned the covered bridge over the James River before leaving igniting a fire which destroyed close to thirty buildings.

Personal letters of the era also tell of the devastation to Buchanan caused by the war including the burning of Col. John Anderson's home known as Mount Joy, the three day Federal occupation of Oak Hill, the Anchorage, the Presbyterian Manse as well as other private homes and offices throughout Town. The battle flag of the Botetourt Artillery was said to have been made from the wedding dress of Cassandra Anderson, owner of Mount Joy.
